

Delta Hotels by Marriott Dallas Allen Benefits from Seamless Implementation of Signature RFID Door Locks and Superior Customer Service by ASSA ABLOY Global Solutions

New Texas-based luxury property attains latest RFID security abilities.

Stockholm –April 24, 2019 – **ASSA ABLOY Global Solutions** has announced the successful implementation of VingCard Signature RFID locks at the Delta Hotels by Marriott Dallas Allen, a newly constructed modern luxury property located in Allen, Texas. Altera Development’s decision to adopt RFID-based door locks by ASSA ABLOY Global Solutions is credited not only to the company’s ability to provide the highest security technology standards, but also due to its reputation for leading the industry in customer service and support.

As a member of the ASSA ABLOY Group, ASSA ABLOY Global Solutions was able to draw from its expansive and best-in-class global service support network. With operations and strategic partnerships in more than 166 countries, ASSA ABLOY Global Solutions was able to meet Delta Hotels by Marriott Dallas Allen’s local support needs during the implementation. This resulted in an expedient installation and a seamless training process for staff. By being able to rely on local support, Altera Development was assured of its ability to conform to regional regulations and requirements, as well as being guaranteed a swift resolution to any subsequent troubleshooting issues, should any arise at a later date.

“From pricing to its unmatched support availability and level of technological expertise, ASSA ABLOY Global Solutions is in a league of its own when it comes to meeting all of a hotel’s needs, and selecting the company over competing providers was a straightforward decision to make,” says Mike Kennedy, principal at Altera Development, the owner of the property. “With the success that we experienced in installing VingCard Signature RFID door locks, we are fully confident in our hotel’s ability to provide guests and staff with the highest quality of security that the industry has to offer at all times.”

With the installation of VingCard Signature RFID locks, the property has incorporated the latest in anti-cloning encryption technology to prevent any possibility of unauthorized keycard cloning. The locks’ RFID abilities also ensure that guest keycards are guaranteed to function by eliminating the

risk of misreads or inadvertently erased keycard data. Signature RFID at this property is also Mobile Access ready, offering the ability to activate mobile key functionality without needing to replace any existing hardware.

For further details on the Delta Hotels by Marriott Dallas Allen installation and the property's experience in working with ASSA ABLOY Global Solutions, please [click here](#) to view Mike Kennedy's recent testimonial video.
